

MyChildAtSchool (MCAS) is an online portal that enables you to view your child's performance at school in real time. Access is via a web browser or an app (for Android or iOS) and offers visibility of attendance, behaviour points, assessment, student reports, letters, important documents and much more.

In the first few days of school, you will receive an invitation email to sign up for an account for your son or daughter. Please follow the instructions to sign up and you will be given access to their profile via the MCAS app/website.
